

## Eastern baccharis (priority in LA)

Number of plants and the mean number of open flower observations made each week (in weeks 10-40) for all plants in the Continental US and for plants in the Southcentral region.

Year	Continental US		Southcentral region	
	No. plants	Mean no. obs/wk	No. plants	Mean no. obs/wk
2013	3	1.4	3	1.4
2014	1	1.0	1	1.0
2015	1	1.0	0	0.0
2016	1		0	
2017	5	2.0	5	2.0
2018	7	3.5	6	3.5
2019	8	4.0	6	3.5
2020	15	4.3	6	2.0
2021	15	5.0	6	1.1
2022	15	4.1	6	1.7
2023	20	4.6	6	1.2
All years	33	24.8	12	13.5

Locations of monitored plants inside (red) and outside (green) the Southcentral region (shaded gray)
